

## Statistical Staff Training Institute (SSTI)

Statistical Staff Training Institute (SSTI) is one of the important service wings of Bangladesh Bureau of Statistics (BBS) located on the 7th floor of the BBS Bhaban. It was established through a development project of BBS in July 1992 and started its formal activities in rented house in Dhaka having hostel facilities for both male and female officials. After completion of the regular project program with structured guidelines, SSTI was started its new journey from 2011 for BBS officials by providing training opportunities under the guidance of Director General of BBS and the Secretary of Statistics and Information Division (SID). SSTI runs subject matter training in core statistics on Basic Statistics, Demography & Health Statistics, Labor statistics, SMI, National Accounts Statistics, Data Collection and Analysis Course. It also conducts various short courses on Basic office Management, Human Resource Management, Staff Development, Public Procurement Management Course, Computer Basic/Special Training Courses, Government System and Essential laws and different methods of census and survey to achieve Government of Bangladesh (GOB) vision 2021.

### Vision:

- To be the Centre of excellence for developing patriotic, competent and professional officials of BBS dedicated to public interest.

### Missions:

We are committed to achieve the shared vision through:

- Developing competent and professional human resources in BBS by imparting quality training.
- Conducting effective training courses in SSTI and nominating the BBS officials in other training institutes for continuous development of organizational capacity.
- Arranging the special training courses to foster acknowledge based data management system.
