Foreword

I am glad to know that Bangladesh Bureau of Statistics (BBS) has successfully completed the report on "Business Directory". In this report, Establishments having 10 or more working persons have been considered. It contains basic information on establishment's name and address with geographic code; type of main economic activities; main products or services of the establishments/industries; marketing system; type of registration; type of institutional sector; ownership status; employment by sex with permanent and temporary etc. at Zila, Upazila and Community level. Furthermore, it provides detailed data based on BSIC and BCPC classifications which help to determine the structure of the economy. Following the Economic Census 2013, establishments having 10 or more persons engaged, a comprehensive Business Directory has been prepared for follow up surveys and others uses of the different stakeholders. Updating Business Directory is a continuous process.

I strongly believe that the report will not only meet the data requirements of the government, policy makers, planners and researchers but also provide valuable insights into formulating the policy makers, investors, trade organizations and the entrepreneurs for taking investment decision to set up different establishments in the country. Moreover, this "Business Directory" may use as a survey frame for undertaking various establishment surveys.

I extend my deep appreciation to Dr. Krishna Gayen, Director General, Bangladesh Bureau of Statistics (BBS), Mr. Ghose Subobrata, Director, Industry & Labour Wing and Focal Point of the survey and other participating officials of BBS and SID for their sincere efforts for conducting the Survey and the publication of this report. The members of the Steering Committee deserve special thanks for the advisory guidelines they provided for successfully completing the activities of the survey. I extent my sincere thanks to all concerned officials of BBS who extended their cooperation in smooth implementation of the Survey.

Preface

Bangladesh Bureau of Statistics (BBS), as the National Statistical Organization (NSO) is the sole agency responsible for collecting, compiling and disseminating of official statistics. Business Directory is a comprehensive and updated list of all economic activities (Total Person Engaged 10 and above-TPE 10+) with some basic information such as name of business, contact address, category etc. It is used as a statistical frame for industrial inquiries. It helps the user in finding any business by location and category as well as provides detailed data based on Bangladesh Standard Industrial Classification (BSIC) and Bangladesh Central Product Classification (BCPC) which help to determine the structure of the economy.

Business Directory 2019 contains basic information on establishments such as name and address with geographical code; type of main economic activities; main products or services of the establishments; marketing system; type of registrations; type of institutional sector; ownership status; employment by sex etc. at District, Upazila and Community levels.

My sincere thanks and gratitude to Mr. Saurendra Nath Chakrabhartty, Secretary, Statistics and Informatics Division for overall guidance in undertaking the report. Special thanks are also due to distinguished members of the Implementation Committee, Technical Committee, and Report Review Committee of SID for their contribution in preparing of the report.

My appreciation and sincere thanks for the team led by Mr. Ghose Subabrata, Director, Industry and Labour Wing and Focal Point Officer, Business Directory to carry out this important task.

I hope that the contents of this report will fulfill the needs of policy makers, development partners, NGOs, other practitioners, researchers and students.

Suggestions and comments will be highly appreciated.

Dr. Krishna Gayen

Director
Industry & Labour Wing
Bangladesh Bureau of Statistics (BBS)

1.0 Background

Business Directory (BD) is meant to work as a statistical frame for industrial inquiries. A list of all economic units in the survey target population is known as sampling frame which is used for conducting sample surveys for data collection. The sampling frame includes all accurate and up to date data items associated with units that are required for stratification, sample selection and contact purposes, for example, industrial, geographical, size codes, name, address and description of the unit, telephone and preferably a contact name.

Business Directory information is establishment-based and includes location, ownership type, industry classification, and operating data (employment). The Business Directory is updated continuously with the latest and best information available from Economic Census and other statistical and administrative records programs. The frequency for updating individual data items varies from 3-5 years. The BD- data has been updated continuously since 2001-03. The BD is updated in 2005, 2009 and finally in respectively. The Business Directory is a database with records from multiple sources and used to add or update records of establishments.

The Business Directory plays a vital role in BBS's economic statistics program and data for individual establishments are available for public use. The Business Directory (BD) is a frame that essentially includes all industries having total Persons Engaged 10 or more and operating within the country. It provides statisticians, engaged in the production and analysis of economic statistics, with the highest quality frame in terms of coverage and data elements. It provides the frame including information for name and address, contacts, industry, and size. It is the primary source of summary statistics. These reports provide statistics by geographic area and 4-digit BSIC industry, including number of establishments, and employment. The BD provides facilities to store, Browse, maintain and retrieve frame information. The BD plays a key role in ensuring coherence between BBS's survey programs by providing a harmonized central frame and the Directory represents the business world realities in a format that meets our statistical needs. The Directory tries to ensure that coverage is as complete as possible.

1.1 Objectives:

To provide an up-to-date and comprehensive list of establishments for statistical purposes that could be used as sampling frame for conducting sample surveys.

1.2 Scope and coverage:

Establishments from all 21 sectors having Total Persons Engaged 10 or above are included in this Directory. According to the Industrial Policy 2010, the micro, small, medium, and large industries is included in this directory. The list of the industries is sorted by industrial classification, district and upazila. Based on the Economic Census 2013 a comprehensive Business Directory has been updated in 2019.

The list of establishments is presented according to the Bangladesh Standard Industrial Classification 2009 (BSIC '09) developed based on ISIC Rev.4 at 4 digit level. Geographical codes (GEO code) of zila. Thana/upazila, Union/ward and mauza/mohalla are also given against each and every establishment. The directory also contains the following information:

- Names and address of the establishments with telephone number;
- Type of establishment according to Bangladesh Standard Industrial Classification (BSIC) 2009 at 4 digit level and Bangladesh Central Product Classification (BCPC);
- Total number of persons engaged by sex with permanent and temporary;
- Inception year and Starting year of the business;
- Type of main economic activities;
- Marketing system;
- Type of registrations;
- Type of institutional sector;
- Ownership status;
